A Message from the Principal

כי האדם עץ השדה

It is winter out. We see the grey sky, the trees bare of leaves, and we wonder, where is the new life that שבט ט"ו brings?

Human beings are compared to the trees in the field. Yes, we wonder where is the new life, when will the new happiness we long for finally come to be, and when will we achieve the קדושה we were born to find?

Here at Bnos Brocha we are working on our לחבירו. We know that the way we speak to each other and care for each other will have a great effect on the coming of the גאולה. The משך חכמה, when יוסף made himself known to his brothers, says that the way we treat each other can bring משיח.

Join our תלמידות in our efforts. Let us see the גאולה today!

גוט שבת!
Morah Malinowitz

A Special Presentation

A predution לזכר Morah Murik was presented by the חנוכה choir. Lessons which Morah Murik taught Bnos Brocha, לימודים and songs, were told over and sung. We were infused with spirit and enthusiasm! The moving song written by Morah Klein reminded us of so many lessons we have learned from Morah Murik.

WE WOULD LIKE TO BE מנחם
OUR BELOVED MORAH PEKIER
FOR HER LOSS. הקדוש ברוך הוא
SHOULD BRING משיח
ויאמר לצרותינו די

Thank you Morah Sender!

We were so glad that Morah Sender came to our חגיגה! She led us in a Sing-along as we sang the lively songs of חנוכה which she taught to our classes.

Thank you

Korn Family for sponsoring
"black and whites" cookies for
חנוכה חגיגה!

צוי קדוש

The Friday of עשרה בטבת was a special day for the students of Bnos Brocha. We know how important this day is. Unlike the other תעניות, if עשרה בטבת would fall out on שבת we would fast. We fast on שבת only for כפור! How important then is it for us to be in school on this day. We are proud of the students who came in, and so appreciative of the mothers and fathers who understood the importance of our children being together in school.

We also taught our older children that it was December 25, a day that we know is a holiday for the nations of the world. We also know what this day meant to the non Jews of Europe, as they used this day time and again to bring harm to the Yidden.

We are proud to teach our children that we are a קדוש גוי, a separate, הייליגע, nation of special people. We are indeed an עם סגולה, a treasured nation, a people beloved by ה'.

BUS SAFETY Att: Grades P - 8

- Girls may **ONLY** go on their designated bus.
- Unless the school is notified by a parent of a dismissal change, your daughter will be sent home on her bus.
- The only way to go to a friend who is not on your daughter's bus, is for both girls to bring a note and be picked up.
- Any student who boards a bus other than her designated bus will not be allowed to travel home on the bus the following day.
- All dismissal changes must be arranged in advance. No student will be allowed to call home.

לימודי קדש Joyful and Challenging Learning Our learning helps to bring משיח!

חזק חזק ונתחזקו

Morah Keller's (6) class is excitedly preparing for its סיום on the entire בראשית! So many beautiful lessons and ideas were discussed as we enjoyed seeing our תורה come alive during חומש! We know that our תורה is talking to us in תשפ"א and guiding us how to live as a better Yid!

מדות Breakout

Showering with blessing, always expressing

מדות Breakout was alive with lights as מדות Committee introduced the new song written by our very own Morah Rochel Frank! We are learning about ברכת המזון and how to properly thank ה' for all He gives us!

The Dreidels are put away, the Menorahs are cleaned and put in their places, even the chocolate coins are done... The beautiful יום טוב of חנוכה is a collection of so many memories that will keep us warm through the cold months ahead!

רק אחרי שנמצאים
בחשך אפשר להאיר
את האור

Spectacular חנוכה parties, both in school and at the homes of the Morahs, were planned with our students and enjoyed by all.

Glittering חגיגות were created by our חגיגה Committee! So colorful and full of life, with different tables decorated with different colors.

Junior Chagiga

A hilarious game was played at Junior חגיגה! Representatives of different classes answered questions about חנוכה, then took on fun challenges after they spun an enormous Dreidel. They were cheered on throughout.

Senior Chagiga

We had Color War! חשמונאים vs. מכבים had a great time singing it out to win! Why Color War? To replace the בעומר ל"ג בעומר Color War from 5780! We have seen, time and again, how Color War in Bnos Brocha becomes not a competition but a combination of both teams. We strive to grow in our מדות in every way we can!

ברכה is learning a new ברכה each week from עשרה. Morah Murik taught us that the תפילות of children are very beloved before ה'!

Choir Heads directed FOUR stunning performances of specially chosen songs! A separate show for the mothers of each class, as well as a performance for Senior חגיגה and Junior Division separately, took place. With sophistication and spirit, our Exceptional Seventh Grades carried out beautiful performances!

Our learning helps to bring מנין!

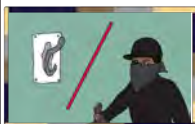

Early Math

P The girls can figure out the order of the numbers. We are learning numbers 11-20.

1 We are doing many math stories, using language to reinforce our new addition skills as we learn them.

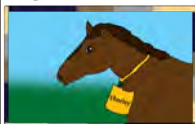

2 We began learning subtraction strategies. We are becoming more fluent in math minute addition.

THE IDIOM OF THE WEEK...?

Down the Wire

7

Why would someone have a hard time swallowing a pill?

Early Reading

P We made a collage, cutting and clipping from magazines and newspapers, to find sight words we have learned.

Phonemic Awareness: we are learning syllable deletion.

1 Each girl used 2 drumsticks to bang out her consonant clusters

We had a great time playing the short e game using an "egg carton" to see short e words.

2 We have Rolling Library in our 2nd grade! The girls wait each week for Mrs. Weinberg to teach them a new literary skill, which she demonstrates in a readaloud. The girls go home and use that skill in a book they choose on their level from the rolling library.

Social Studies

4 License plate contest... the girls are busy studying plates because they are learning the states and capital and map, along with learning our state song.

5 We are singing about the explorers. We are learning about Balboa's discovery of the Pacific Ocean.

6 Geography - The provinces of Canada - it is so exciting to learn about Niagara Falls.

7 Learning about the Revolutionary War... December 15th is the day when George Washington made the surprise crossing of the Delaware.

Math

4 Long Multiplication with double digits... girls are coming up to the board using the "scribe" method.

5 We are working on division. We have mastered multiplication really well with 3 digits. We are also learning about decimals.

6 Test on equivalent fractions, comparing fractions, percents and decimals, simplest form

7 Mental math equations

8 2 step equations!

Midterm Studying Skills:

We are learning how to prepare for tests and study on higher and higher academic levels.

Early Health

"H" = Health

P For the letter "H" we discussed 4 keys to healthy habits
1. Exercise 2. Eating and drinking healthy 3. Sleep 4. Washing hands - keeping clean

Reading

4 We are reading Charlotte's Web in groups. We are learning dictionary skills and answering questions about the book.

5 We are finishing Follow My Leader and learning about how to be grateful for eyesight. We can diagram a plot and we have learned about personification, foreshadowing and conflict. We discussed the difference between internal and external conflicts...

7 We wrote beautiful book reports on The Queen of Bais Yaakov.

8 We are so inspired by Sori's Story. Our reports described the incredible life and the lessons we can learn from Sori.

Science

4 The sun, the Solar system and the orbits of planets

5 We have completed the Respiratory system!

6 Experiments with volcanoes! We saw visuals of how a volcano erupts. We discussed magma chamber, the pipe, the central and side vents.

7 We learned about how voices are different. We experimented with rubber bands to mimic vocal chords. We learned the Heimlich Maneuver. We read inside the עורן שולחן קוצר - don't talk while eating it is a choking hazard.

8 Gravity keeps us standing. There is no upside-down right-side-up in the world!

If you see something...

We are working consistently on our **בין אדם לחבירו**. We are looking for the good in each other and trying to keep our mouths from saying words that can hurt. As always, we are encouraging our students to stay off the phone. If we can call our grandparents that is fine. But we know how hard it is to stop ourselves from talking about people. We have learned "if you see something..." A girl saw a sticky note in the wrong place and pulled it off. Quick thinking to help another!

כל הכבוד

- The Kindergarten girls bring in so many beautiful מצוה notes!
- Kindergarten added a new song to davening. ♪ I believe in 'ה... The girls sing it so nicely and know the motions so well!
- When Miri Wulliger (2) was home from school she said 6-7 טייטש with the פסוקים!
- Batsheva Auerbach (2) cleaned up the classroom!
- Bryndee Ornstein (2) picked up wrappers from the floor!
- At lunch Nechama Bresler (2) ran to get chairs for Morah Heiman and Mrs. Gartenhaus!
- Atara Mandel (3) picked up papers in the hallway without being asked!
- Batsheva Esther Krispin (3) let girls move her desk at recess so there would be more room to play!
- Mirrel Schechter (3) shared her chinese jump rope with the class even though she wasn't playing!
- כל הכבוד to Miriam Kastan (3) for so happily lending pencils to girls who needed!
- Malka Schreiber and Rivka Ryabinsky (3) on their beautiful davening. We can all learn from them!
- Rutie Gellis and Rochel Leah Sicherman (3) enhance our learning with such thought-out questions!
- Esti Sonenschein and Minna Freedman (3) bentch beautifully!
